This list can be accessed by clicking on “Platzbedarfsmeldung” [Application for a place] on the menu bar.

- <Platzbedarf melden> [Application for a place] opens the collection of personal data.
- Once the data protection agreement has been confirmed, all data can be checked and corrected via the <weiter> [continue] button.
- Select a permanently valid mail address at which you can be contacted.
- Please make sure that you enter the mail address correctly. This is the only way to receive information about status changes by the nursery schools.
- Then send the application for a place.
- Be sure to print out or save the pdf with the list of nursery schools after you have sent it.
- The nursery schools selected will confirm reception of your application within a few days by e-mail. If not, please contact the nursery school directly.

Information about application for a place

- The application for a place is not a central allocation of places.
- The places in municipal nursery schools are allocated by the place management of the Youth Welfare Office, the places of all other facilities by the respective institution or by the facility itself.
- There is no guarantee that a particular day care place will be allocated.
- Several applications for a place for the same age group will be linked.
- If your child is admitted to a nursery school, the related applications for a place will be marked as „anderweitig angenommen“ [admitted elsewhere]. If you would like to remain on the waiting list of one of the nursery schools, please contact the nursery school directly; if it is a municipal institution, please contact the Kitaservice | Familieninformation of the Youth Welfare Office.
